Since 1945, LISTA has stood for the highest quality, precision and innovation in the field of workshop and storage equipment. What began with Swiss pioneering spirit has developed into an internationally leading brand - thanks to you. This year we are celebrating our company's 80th anniversary - and saying "thank you" for your loyalty, your partnership and the trust you have placed in us over eight decades.

OUR STRENGTH: EXPERIENCE, INNOVATION AND SERVICE COMBINED

LISTA not only stands for long-lasting products, but also for consistent further development: With modern technologies such as the LISTA Electronic Control (LEC) system, automated transport systems (AGV) and intelligent lift systems, we are shaping the operational logistics of tomorrow - digitally, efficiently and safely.
